## When I See That Girl of Mine

## The Kinks

When I see that girl of mine
Makes me want to sigh
When I see that girl of mine
Makes me want to sigh
I don't care if the sun don't shine
Long as I can see that girl of mine
I know everything'll be fine
When I see that girl of mine
When I see that girl of mine

Getting ready and looking my best

Got to look my best so I'm taking my time
'cause I need that girl of mine
I know that she'll be mine so I'll keep on trying
I don't care if the sun don't shine
Long as I can see that girl of mine
I know everything'll be fine
When I see that girl of mine
When I see that girl of mine

Can't you see she's the only girl for me
And when people look at me they can see
They can see, they can see

When I see that girl of mine
Makes me want to sigh
When I see that girl of mine
Makes me want to sigh
I don't care if the sun don't shine
Long as I can see that girl of mine
I know everything'll be fine
When I see that girl of mine
When I see that girl of mine
When I see that girl of mine
