

You Don't Know My Name

The Kinks

I've been travelling on this road
I get the feeling its getting on
I keep moving on
I keep rolling on
But does anybody know my name

Travelling oh so long
I get the feeling thats something's wrong
I keep rolling on
I keep rolling on
But does anybody know my name.

How could you believe when you don't know my name

I see life is such a simple game
I sit and watch it from my moving train
A bumpy ride to-day
I'm not alone this way
Does anybody know my name.

Arrested in '69
For upsetting a tourist guide
Well pay the fine or jail
I just smiled and said
That I'm oh so glad to be alive.

How could you believe when you don't know my name

How could you believe when you don't understand.
