

## If Ever I Needed You

The Kinleys

I almost went too far  
I almost turned my back  
On everything I hold dear  
How'd I get off track  
Show me a sign, one gentle touch  
To remind me why I'm here

If ever I needed you  
If ever I needed us  
Every ounce of sweet devotion  
That makes out love so true  
I need you right now  
If ever I needed you

It's the same old routine  
We're both caught up in  
If we don't change something soon  
Our forever's gonna end  
Shake me up, down to my soul  
Baby, that's why I'm still here

If ever I needed you  
If ever I needed us  
Every ounce of sweet devotion  
That makes out love so true  
I need you right now  
If ever I needed you

If ever I needed you  
If ever I needed us  
Every ounce of sweet devotion  
That makes our love so true

If ever I needed you  
If ever I needed us  
Every ounce of sweet devotion  
That makes out love so true  
I need you right now  
If ever I needed you
