

# Burn The Bastards

The KLF

sampled, crowd/chorus  
All right, sorry we're late  
But here we are, for one night only!  
Live on stage ?out on video?  
[JAMS have a party  
JAMS have a party  
JAMS have a party  
JAMS have a party]  
All we need is a beatbox for people who only need a beat  
You may want to hear some scratching just to hear a DJ scratch  
Got to have some House so let the master play his tune

? or maybe 'this is the beat' ?  
Stop playing trumpet  
Did you hear what I ?meant?  
build a fire  
stoke it good  
throw them on  
and watch the bastards burn  
[JAMS have a party  
JAMS have a party  
JAMS have a party  
JAMS have a party]

Burn the bastards  
all right then  
take me to the bells  
just take me to the bells  
I wanna hear the bells  
Five to twelve  
almost gone  
1987  
what the fuck have we done?  
[JAMS have a party  
JAMS have a party  
JAMS have a party  
JAMS have a party]

Alright, let's groove!  
[JAMS have a party  
JAMS have a party]  
Oh play that beat  
[JAMS have a party  
JAMS have a party]

{And a very happy new year, from BBC1}  
Hey Rockman, this party's crap  
Do you know any others?  
Yeah? Well let's get there before the booze runs out and the ----cks  
have gone.

Ha! that's what they thought until I came along an put 'em straight!  
Me? I'm Ford Timelord, and the only party worth going to is... Is the one  
to celebrate your own number one hit single. Course, I had to arrange a  
few things first, like this....
