

# Hold On Tight And Don't Let Go

The Knack

Make a me feel right  
You gotta rock me give me shivers tonight  
You gotta hold on tight and don't let go  
Treat a me real nice  
You gotta kiss me when you turn out the lights  
You gotta hold on tight and don't let go

Don't leave don't make me lonely  
Don't say goodbye  
If you don't love a me only  
Our love will die

Say that say that you love me  
Tell me you're mine  
I pray to heaven above me  
True love will shine
