

It's You

The Knack

Believe me
When I say it's you it's you
Squeeze me uh oh oh
When I say it's you it's you
Kiss me ah
When I say it's you it's

I don't mind if you're lying to your boyfriend
(just a little lower) no I don't (just a little slower)
I can keep a secret only you and I will ever know
Oh

I don't care if he's there on the weekend
(just a little harder) no I don't (just a little farther)
I can take you places that you never thought you'd ever go
Oh

I don't wanna own ya
Don't wanna use ya
If you let me phone ya
You'll know how to please me
Baby if you only
