

Mr. Handleman

The Knack

Come mr. handleman take my wife home
You can't leave a woman like a chippy alone
She's plenty pretty like a woman in prime
No you won't need a waterbed to have a good time

Mr. handleman mr. handleman
Take my wife home
Mr. handleman mr. handleman mr. handleman
Take my wife home take my wife home

La señora is a sight for sore eyes
Half an hour in a paradise
You're not the first and you will never come last
But the natives are restless so you better grab fast
