

## She Likes The Beat

The Knack

this ain't a story this ain't a movie show  
i got a honey waiting for me at home  
yeah she's a raver she's outasight and indiscreet  
she don't like bullshit no no no she likes the beat

we go out driving turn on the radio  
ain't no excitement there ain't no rock and roll  
they play a love song but the mood is incomplete  
she don't like love songs soft and slow she likes the beat

she dig the bass drum tickling her cherry-o  
she say the kicks come mono or stereo  
i feel her pulse pound the restless rhythm of the street  
she don't like no lies oh no no she likes the beat
