Come to me baby don't be shy  
Don't be shy, don't be shy  
Come to me baby don't be shy

It was a summer time, that summer high  
Oh what a masterpiece  
The way your eyes met mine, sweet  
Like apple pie, caught in your energy  
The future came to me, I see

Yeah, it feels so classic  
You and me, the magic  
And I know we have it  
'Cause it feels, yeah, it feels, yeah it feels so classic  
'Cause it feels, yeah, it feels, yeah it feels so classic hmm

Come to me baby don't be shy  
Don't be shy, don't be shy  
Come to me baby, don't be shy  
So classic hmm

Come to me baby don't be shy  
Don't be shy, don't be shy  
Come to me baby, don't be shy  
So classic

Oh what a summer time, when we lost our lines  
Between the birds and bees  
Buzzing in the blue sky, till the full moon rise  
Playing with chemistry  
Baby are you with me, oh

Yeah, it feels so classic  
You and me, the magic hmm  
And I know we have it  
'Cause it feels, yeah, it feels yeah it feels so classic hmm  
'Cause it feels, yeah, it feels yeah it feels so classic hmm

Come to me baby don't be shy  
Don't be shy, don't be shy  
Come to me baby, don't be shy  
So classic hmm

Come to me baby don't be shy  
Don't be shy, don't be shy

We're just looking for the fun, here  
We don't know what's gonna come, yeah  
Just looking for the fun, here
