

Worship

The Knocks

Open your ears and your eyes
Put your hands in the sky
In a darkness shine a light
Come on, testify!

I've made my decision, you are my religion (Praise!)
And I've been praising for hours, yeah
So don't leave me lonely, this is my testimony (Praise!)
Oh, baby, you've got the power (Come on, testify!)

You make me believe in God, baby
Whenever I'm next to you, all I want to do

I wanna worship you
(Can I testify?)
I wanna worship you
(Can I testify?)
Treat your body like a temple
Oh loving you so gentle
I wanna worship you
(Can I testify?)

I've made my decision, you are my new religion (Praise!)
There ain't no doubt about it (Yeah yeah yeah)
So don't leave me lonely, what you give is so, so holy, yeah
I wanna praise (praise!), scream and shout (Yeah yeah yeah)

You make me believe in God, baby
Whenever I'm next to you, all I want to do
(Can I testify?)

I wanna worship you
Worship you tonight
I wanna worship you
God, you take me high
Treat your body like a temple
Oh loving you so gentle
I wanna worship you
(Can I testify?)

I wanna worship you
Worship you tonight
I wanna worship you
God, you take me high
Treat your body like a temple
Oh loving you so gentle
I wanna worship you
Worship, worship you

Get down on my hands and knees and pray, pray, pray
That you come back to me
That you come back to me
Get down on my hands and knees and pray, pray, pray
Was coming over me
Was coming over me

You make me believe in God, baby

Whenever I'm next to you, all I want to do

I wanna worship you
(Can I testify?)
I wanna worship you
Treat your body like a temple
Oh loving you so gentle
I wanna worship you
(Can I testify?)

I wanna worship you
Worship you tonight
I wanna worship you
God, you take me high
Treat your body like a temple
Oh loving you so gentle
I wanna worship you
Worship, worship you
(Can I testify?)

You bring the best out of me!
You are my spirituality!
Your body is a love desire!
(Testify!)
Make me wanna testify!
