

Here Goes Nothing Now!

The Kry

Woke up this morning
Ooh I could feel it
Anticipating to live for You
Nothing can stop me now
I wanna live it out
Takin' Your love all around the world
I won't hesitate
I'm not gonna sit and wait
This time I choose to live for You
Now that I realized
Ain't gonna compromise
Nothin' comes easy we must sacrifice
No tunin' back
I'm on the right track
Gotta keep on goin'
On the road to Heaven
My life is on the line
Not gonna waste my time
This time I choose to live for You

Chorus:

One thing I know
I won't wait another day
Here goes nothin' now
I'm on my way
Cause there may be no tomorrow
Here goes nothin' now

My heart is burnin'
Oh, I can feel it
Burnin' to live and die for You
Nothin' can stop me now
I'm gonna live it out
Takin' Your love all around the world

(No) I won't hesitate
Not gonna sit and wait
Ready to live and die for You

Chorus

It seems so hard to leave it all behind... but I'll try
I know your light will always guide my way...
through the night
Yeah! (I know) Its worth givin' everything I have...
all my life
Cuz' after all You gave it all for me...
when You died

Chorus
