

In Your Eyes

The Kry

Hearts are breakin'
The world's standing on shaky ground
Needs someone to lead them on
Souls are dying apart from Christ
they need to see the love
In your eyes
And you wonder how you can change the world
You know it's up to you
He lives in you so open your eyes
Chorus:
I see love in your eyes
Love that will never die
Bright as the sun in the sky
I see love in your eyes
Times are changing
Rearranging
The worlds turned upside down
Listen close you can hear the sound
Time is tickin'
Its running out
Share the hope that's in you
That's what it's all about
Don't keep it all inside
Let it show
Open up your eyes
And let them know
You're a star in the dasrkest of night
Shining forever
