

Let's Stand Together

The Kry

We were once in darkness
but now we're in light in Christ
Let's shine it all around us
let's walk as children of light
For the fruit of the spirit is in righteousness and truth
Let's tell the world about Jesus,
He's calling me and you

Awake of your sleeping
Arise from the dead
Take up your cross now and follow Him

Chorus:
Let's stand together
Light will shine much brighter
In a world that's getting darker
For Him we're marching on

Let's stand together
Let the world see our true colors
Let's fight as one with Christ to lead us on

As we go to battle in the power of His might
We put on God's armor to resist the devil's fight
We do not wrestle against flesh and blood
Let's all stand together
For the victory has been one

Awake if you're sleeping
Arise from the dead
Take up your cross now and follow Him
Signs of the times now
The message is clear
The return of Jesus is near
