

What About Now

The Kry

Hey
What about now
Now that you've heard it
You cannot pretend any longer
Now you know better
Don't wait 'til its too late
You say tomorrow but what about today

What about Now
What about Now...

Hey
What about now
Now that you've heard it
You can't run away any longer
You can't hide forever
Won't you come home to stay
Time can't be borrowed
Don't let it slip away
You're walking a tight rope that soon is gonna break...
so What about Now...
What about Now...
What about Now...
