

When You Die

The Kry

If your heart would beat only one more time
Do you know where you're going
when you breathe your last?
You can have the world falling at your feet
But what would it give you when you have to leave?

When the page is turned and the story told
It won't make a difference all the things you own
You can gain the world or a mine of gold
But what will it matter if you lose your soul?

You say: when I get older I'll turn around
I'll hold the hand of the Savior
Before I drown
But you don't
You don't know when you'll die
no you don't know when you'll die

You say: when my days are almost gone
I will give Him my life before I hit the ground
But you don't
You don't know when you'll die
You don't know when you'll die

Do you know your sin has been washed away
Do you know for certain that you know the way?
Don't reject the One who can save your soul
No one but Jesus gonna take you home

You can know before you die yes
you can know before you die
I sure hope you change your mind
'Cause you can know before you die
