

# All Weekend Long

The Lacs

She just wants to leave this bar and hit a back road  
Slide close, girl you got just what I want  
She hit the gas said baby, I don't wanna ride slow  
Haul ass  
It's me and you all weekend long  
She just wants to leave this bar and hit a back road  
Slide close, girl you got just what I want  
She hit the gas said baby, I don't wanna ride slow  
Haul ass  
It's me and you all weekend long

Same old weekend  
Nothin' to do but hang around this pub  
Same old DJ, same old cliché  
'bout then, she come walkin' up  
Had them cut offs and them tan thighs  
And that bud light and it's just right  
Say, what you say about you and me  
Jump in the truck, go ride the creek  
So I didn't waste too much time  
Called up pa, got a bottle of wine  
Bout ten minutes to the county line  
And there's nothing but dirt roads for miles and miles  
I knew she couldn't hold back  
She grabbed the CD from off the dash  
Say, what you know about johnny cash  
She popped it in sang every track  
Devil's ridin' shotgun  
Picked up my wrap and said,  
Let's burn it if you got one  
Think I'm in love  
We rode all night just drinkin', talkin'  
Didn't really know when she had to be home  
She said, keep rollin' I know where I'm goin'  
Its gonna take all weekend long

She just wants to leave this bar and hit a back road  
Slide close, girl you got just what I want  
She hit the gas said baby, I don't wanna ride slow  
Haul ass  
It's me and you all weekend long

Droppin' down that tailgate  
Crankin' out that george straight  
Georgia on them license plate  
She ready, so why wait  
Bowed legs and boots on  
Got them daisy dukes on  
And a baby blue thong  
Wildin' out to tucson  
Wanna hit that creek bank  
Pretty little sweet thang

She could cause a heat wave  
Flyin' down the breezeway  
Goin' 75 down the dirt road ridin'  
It don't matter as long as she beside me  
Ridin' fast and we ridin' high  
We hit the gas  
And we fly on by  
Drank tequila at sunrise  
Talkin' over them fun times  
Turnin' over them mud tires  
Seein' how far the mud flies  
Turnin' off them new phones  
Turnin' up them old songs  
Ridin' out 'till the beer is gone  
Ain't goin' home all weekend long

Say she can't wait  
Drop the tailgate  
Hit the riverbank  
(just me and you all weekend long)  
Say she can't wait  
Drop the tailgate  
Hit the riverbank  
(just me and you all weekend long)

She just wants to leave this bar and hit a back road
