

Just Another Thing

The Lacs

Oh, It's just another thing to me.

Another day on the grind for a couple cents.
I kiss goodbye to my benefits.
Work throws stone while I ride the fence,
I'm old and old enough to bring up something that makes sense.
It's like I'm livin in a war zone.
And they can write it on my tombstone.
Here lies a man who don't cry,
With ash on the feet in front pillar heels
I've been up
And I've been down.
But my place ain't on the ground.
I'd rather me death on my feet,
Life on my knees.
Trouble ain't nothin'
But another damn thing to me.

I've been up
And I've been down.
And I've been beat
And pushed around
I'll pick myself up off the ground,
Just wait and see.
Cause it's just another thing to me.
Just another bridge I'll have to burn.
Just another lesson I'm bound to learn.
Buddy ain't damn thing changin' me.
So watch and see,
Cause it's just another thing to me.

You know it ain't a thing with it.
So I focus on the game but I can't get it.
I got my people wonderin' if I still got it.
So I'm reachin' out the window for my pill bottle.
And I will follow.
Devil wanna ride with me,
But I ain't lettin' him.
I got a lot of my problems,
But I ain't stressin'.
I'm on a path of my past,
Of my days gone.
I keep on fightin'
And I'm tryin' to find my way home.
Head to the sky.
And ride just to stay strong.
My time tickin', quicker
Like I'm on a payphone.
They don't wanna hire me,
Cause my piss is cloudy.
Lookin' down, but they don't know nothin' bout me.
They bringin' the wickedest sickest person
Out of my soul.
So I'm takin' 'em, makin' 'em
Work down them old dirt roads.
I re-arrange some things,
But there ain't no changin' me.

Man it's plain to see,
It's just another thing to me.

I've been up
And I've been down.
And I've been beat
And pushed around
I'll pick myself up off the ground,
Just wait and see.
Cause it's just another thing to me.
Just another bridge I'll have to burn.
Just another lesson I'm bound to learn.
Buddy ain't damn thing changin me.
So watch and see,
It's just another thing to me.

It's in the past man, so don't think about that.
Made some real bad choices, I can't take back.
That's why I don't brag about the things I own.
Cause I can make a wrong turn and it'll all be gone.
I still bust my ass to make ends meet.
I understand a better plan is on it's way for me.
And hey it's just another day,
And I'll get by.
Just keep walkin' with my head high.

I've been up
And I've been down.
And I've been beat
And pushed around
I'll pick myself up off the ground,
Just wait and see.
Cause it's just another thing to me.
Just another bridge I'll have to burn.
Just another lesson I'm bound to learn.
Buddy ain't damn thing changin' me.
So watch and see,
It's just another thing to me.

I've been up
And I've been down.
And I've been beat
And pushed around
I'll pick myself up off the ground,
Just wait and see.
Cause it's just another thing to me.
Just another bridge I'll have to burn.
Just another lesson I'm bound to learn.
Buddy ain't damn thing changin me.
So watch and see,
It's just another thing to me.

Oh, It's just another thing to me.
