The Last Goodnight

Poison Kiss

Your eyes don't lie They give you away You say, you say Everything is different today Your footsteps fall, all over the place You're up, you're down A butterfly caught in the cage

I don't know why I needed you more I don't know how, you got through the door I don't know where you were But back and forth, back and forth

R: This is the last goodbye I'm ever gonna say This is the last goodnight I'm ever gonna waste This kiss is poisonous If you can't control the way, it enters your soul

One love, one life, one love is better than you tonight

Sunday driver, you never get far You call, you call, everyone is juggling hearts You think that you never make a mistake You say, you say, everyone else is to blame

I don't know why I needed you more I don't know how, you got through the door I don't know where you were But back and forth, back and forth

R:

The devil inside I see your eyes changing, Green to white There is nowhere to hide, inside I feel the same, I feel the same way too

Your eyes don't lie They give you away You say, you say Everything is different today

R:

This is the last goodbye I'm ever gonna say This is the last goodnight I'm ever gonna waste This kiss is poisonous (one love) If you can, control the way, it enters your soul (one love) One love, one life (enters your soul) One love is better than you tonight (enters your soul) One love, one life (enters your soul) One love is better than you tonight (enters your soul)
