

## The Chamber

## The Last Shadow Puppets

Leave yourself alone  
Leave yourself alone  
(Leave yourself alone)  
Can't you see  
You're only here  
To be torn apart  
Based upon  
And nothing else

So leave yourself alone  
Leave yourself alone  
Tell your wasted time  
Tell your wasted time  
Tell your wasted time  
That I am worse

And I would wish they'd all  
Give him a chance  
I owe apologies  
So tell your wasted time  
Tell your wasted time

It's torture  
Locked inside the chamber

Cornered by yourself  
Cornered by yourself  
(Cornered by yourself)  
You must admit  
That you are the instigator  
Hanging on to arguments

And your cornered  
By yourself  
Cornered by yourself

It's torture  
Locked inside the chamber  
Lost inside the chamber  
Locked inside the chamber

About right I think
