

She's My Confusion

The Last Vegas

I can't tell if you are just a dream,
Not just another face that I've seen.
You're in the skies, far as I can see,
And I think to myself she's crazy like me?.

Stuck inside, inside of my mind,
She's my confusion all of the time.
Stuck inside, inside of my mind,
You're my confusion but you make me feel fine.

Friends and lovers and that's all
I think of you every time that I dream
I search for you as far as I can see,
I think love gets me high and you better believe.

Stuck inside, inside of my mind,
She's my confusion all of the time.
Stuck inside, inside of my mind,
You're my confusion but you make me feel fine.

I can't tell if you are just a dream,
It feels so real when you're touching me.
I close my eyes and that's when I see,
I think love gets me high and that's the way it should be.

Stuck inside, inside of my mind,
She's my confusion all of the time.
Stuck inside, inside of my mind,
You're my confusion but you make me feel fine.

Stuck inside, inside of my mind,
She's my confusion all of the time.
Stuck inside, inside of my mind,
You're my confusion but you make me feel fine.

Stuck inside, inside of my mind,
She's my confusion all of the time.
Stuck inside, inside of my mind,
You're my confusion but you make me feel fine.

She's stuck inside, she's stuck inside my head
She's stuck inside, she's stuck inside my head.

Stuck inside, inside of my mind,
She's my confusion all of the time.
Stuck inside, inside of my mind,
You're my confusion but you make me feel fine.
