

Hesitation Station

The Lawrence Arms

Hesitation was the station I used to get on at
Now it's asshole, can you picture that?

Fuck you's and them's have fucked me up
An idiot who can't keep his mouth shut
Oh shit, oh fuck, it's dicks to suck
So bend me down, I'll pucker up

What a great, what a great way
What a great, what a great way

Take a chill pill, lover, or you're gonna explode
Take two of these too and you'll find that I know
That what you learned on your trip to the zoo
Is animals do what animals do

What you learned on your trip to the zoo
Is animals do what animals do

What a great day to die
What a sad way to cry
You tell me "I love you"
And I know it's a lie

What a great day to die
What a sad way to cry
You tell me you love me
And I know it's a lie
