

## I Go Down

The Leaves

Once I pass her by  
She gives me something new  
All I want to do  
All I need to do

I go down  
All the time  
Here I am  
So alive

Makes me feel alright  
Makes me even try  
When all I want to do  
Is sit beside of you

I go down  
All the time  
All the way  
So alive

I go down  
All the time  
All the way  
So alive
