

## In The Morning Light

The Left Banke

Open up my eyes  
Say hello to the sunlight  
It's a sunshine day  
And it's got to be right

She's got me feelin' so fine  
She's got a hold of my mind  
She is the morning sunshine in my life  
And I feel so fine

(Do you see my love through the light in the trees?)

When she opens so tight  
She's got me feeling so right  
She is the morning sunlight, in the night  
And I feel so right!

In the morning light, as it burns in the sky  
Sunday morning light, and it shines in my eyes

She's got me feelin' so fine  
She's got a hold of my mind  
She is the morning sunlight in my life  
And I feel so fine

In the morning light, as it burns in the sky  
Sunday morning light, and it shines in my eyes  
Open up my eyes, say hello...(fade)
