

## Ivy Ivy

The Left Banke

You swear that it's always love  
But it's not there or there's not enough  
Ivy, Ivy

Ivy, when will you learn  
That love cannot exist on lies  
You only get what you earn  
It's right before your eyes

Oh, Ivy (Ivy)

You can't make goodbye distrust  
Your love lying under dust  
You must see, Ivy  
Ivy, how can you live  
On hurting those that love you  
And hiding what you've got to give  
To fight something you must prove  
Oh, Ivy (Ivy)
