

Lazy Day

The Left Banke

My life is one big lazy day
My mother taught me not to pray
Find someone else to make you see
My life is really not for free

Find someone else to make you see
My life is really not for free

My life is one big lazy day
My friends have funny ways to make me stay
Well I just something they turn away
You think it's worth it and I say it's OK

Look around and you have found that
Things are really gray, it's not your day

My life is one big lazy day
My mother taught me not to pray
Find someone else to make you see
My life is really not for free

Find someone else to make you see
My life is really not for free

My life is one big lazy day
My friends have funny ways to make me stay
Well I just something they turn away
You think it's worth it and I say it's OK

Look around and you have found that
Things are really gray, it's not your day
