

Belladonna

The Legendary Pink Dots

Belladona. Sea blue marshmallow eyes. Belladonna sees you - it's just
A disguise. She sees nothing but grey. Belladonna. Ice cool, shaken not
Stirred. Belladonna. Whisper only the word and she would wash the day
Away... And as I faded through the years, she found an answer to the
Tears. It wasn't wise, but no, no humble mortal ever matched these eyes.
Belladonna - pretty name for a slave. Belladonna. Starburst - shouts from
The grave "I'll remember our dawn."
