

## The Fool

### The Legendary Pink Dots

You call me up. They cool me down. They drown me with a syphon  
spewing  
Ice-knives, nail me to my shadow, case me in a plaster-  
cast and cast me  
Down the mine. I'll dig until my fingers shine and blood runs d  
own the  
Wall. They wanted coal but I'll keep scraping until I'm strikin  
g gold.  
It's fool's gold, but I'm just a fool - be sure, it's real enou  
gh for me!  
I'll make a crown. I'll take my princess to the holy ground, we  
'll waltz  
Around the stones. So fast, we'll twist into another time. Anot  
her home!  
Just you and me; a few well-  
chosen friends because we need them. It's so  
Lonely caged in eden eating apples only cause we're so damn bor  
ed.  
A DREAM IS A DREAM, NO MATTER NO MEANING  
A DREAM IS A DREAM - BUT IT'S REAL AT THE TIME!
