## **Third Secret**

## **The Legendary Pink Dots**

New martyrs swinging in the wind. The dead eyes searching for  $\ensuremath{\mathsf{m}}$  essiahs in

The stars. The bodies carrying the scars of no confession, no concession.

No sympathy. The laughter from the front row buzzing loudly now in bars,

Over chicken in a basket, in the darkest corners of the Central Station.

Passing round the spirit that drove Rommel to his desert hole, smashed

Diamonds, stripped the gold from hidden cities in Brazil. And  $\boldsymbol{k}$  illed the

Savage in the name of Mary... Burn the witch, whip the bitch who shows her

Ankles on the Sabbath. Bring the kids aged 1 to 63 - the family treat.

Maybe there will be a vision of messiahs in the stars. Now all confess and

Make a wish. The priest is passing round the dish...our Lady's selling

Tissues for the tears, for all the years of blessed rape in the name of

Our sweet lord.
