

True Love

The Legendary Pink Dots

Chicken wings, and diamond rings
There's anything I'd give to you.
I'd ride a tiger, walk a wire
Wall to wall yes, all for you.
And if you asked I'd wear an iron mask.
Oh! I'd chew glass for you.
All for you
Pick a cloud, I'll fly
I'd drink the ocean dry for you.
If love is really blind,
I'd pluck out both my eyes for you.
There's nothing I wouldn't try for you
(And still you say you love me
As you pull the screens
And pump the morphine and I'll
Float up like a little ball.
And maybe you think I'm not listening
As you scream and scream
But rest assured, I hear every word!)
