

A Fighting Chance

The Leisure Society

All the hope
That you give
Ain't enough
For me to cling to
And the life
That I live
Ain't enough
For me to cling to

I'm gonna change my circumstance
To give myself a fighting chance

I was dry
I was spent
What you said
What it meant to me
What I am
What I'm not
What I was
And then forgot to be

I'm gonna change my circumstance
To give myself a fighting chance
