

Got me watching your eyes watching things go by outside  
out the window of a train  
easy sipping them just seeing it fly left to right  
pour the milk and I'll say when  
I'm out wandering around.  
You're but one thing I've found.  
I don't mean to bring you down.  
I'm out wandering around.  
kinda hoped you wouldn't blame me  
I can't wake up every day and find the same me  
you can scream but I'll just dream how you might disappear  
all I know is it's never clear  
I can't hold you near.  
you just are not here.  
though it wasn't hard or far.  
I walked you to your car.  
Oh....
