

## Tenderfoot

The Lemonheads

This is the place I wear the save face  
This is the spot of where I jump off  
This is the bar of where I lose heart

Over the pain and Im past the bleeding  
And it's not the tracks, its where theyre leading

This my best king carnivore  
This is my scream, its just a dull roar  
These are my hands, Ive shown you before

Over the pain and Im past the bleeding  
And it's not the tracks, its where theyre leading

Hasnt been so bad yet Ill do it again  
The error of my ways, maybe one of these days  
Hasnt been so bad yet Ill do it again  
The error of my ways, maybe one of these days

It's irrelevant, Im an elephant, shes a mouse  
It's irrelevant, Im an elephant, shes a mouse
