

All I Want

The Letter Black

Everyday you accuse me
But I've done nothing wrong
You put me down
Like I'm the enemy
Why is it so hard for you?
Why don't you understand?
I'm not the one who's killing you

And all I want is for you to
Breathe me in again
Breathe me in again
And all I want to tell you
I still love you

And all I want is for you to
Just believe in me
Just believe in me
Why won't you
Breathe me in

You take advantage of me
Cause I won't turn you down
Once you get what you want
You push me to the side
Why do you try to hurt me
It's only hurting you
I've always been right here waiting

And all I want is for you to
Breathe me in again
Breathe me in again
And all I want to tell you
I still love you

And all I want is for you to
Just believe in me
Just believe in me
Why won't you

Breathe me in
Breathe me in

And all I want is for you to
Breathe me in again
Breathe me in again
And all I want to tell you is
I still love you

And all I want is for you to
Just believe in me
Just believe in me

Why won't you
Breathe me in
Why won't you
Breathe me in
Why won't you

Breathe me in
Breathe me in
