

## Dog Train

## The Levellers

Well this is murder  
Yea, On the dog train  
When all the brakes have failed  
And I'm going down hill  
And if you see me wave  
Yea, I'm only saying bye bye  
There's not a single tear  
Here in my eyes

La, La, La ...

And if you've heard this before  
Yea, I'm gonna say it again  
But life was easier when  
I didn't have a clue  
Because this is murder  
I'm getting dog tired  
Let's make the world brand new  
How about you

La, La, La ...

(I love this, I love life)...
