

# Walk Lightly

## The Levellers

Half an hour is gone and here we belong  
Living it so it can't be wrong  
Cos I was born the wrong way round  
Growing up while coming down  
But I didn't even know this  
When you took me by the hand

That you  
Talk ever so lightly  
Lately  
And you walk  
Ever so slowly

I didn't know and I didn't care  
What there was that could catch your breath  
But a moment gone is a moment caught  
And in half an hour I was taught  
That I didn't need to know this  
When you walked out of the night

That you talk ever so lightly  
Lately  
And you walk  
Ever so slowly

I didn't move and I didn't breath  
To be there where you were  
I didn't think cos I didn't know  
That half an hour spent  
And all of the days and all of the ways  
Will be there when you are gone

Cos you talk ever so lightly  
Lately  
And you walk  
Ever so slowly

Half an hour's gone and we're still together  
Walking now beneath the weather  
All the dreams, all the pains  
All that's come back again  
But we don't need to be there  
When it comes on oh so low

Cos you talk ever so lightly  
Lately  
And you walk  
Ever so slowly

Come on this time but not for us  
To be there when we're gone  
And all of the world and all of the days  
Are just half an hour long  
And all of the lives of all of the gods  
Will envy us our song

Cos you talk ever so lightly

Lately  
And you walk  
Ever so slowly
