

## Haunted

### The Limousines

You're welcome in my home but it's haunted  
It's haunted  
By the ghost of love when I lost it  
But I've been seeing  
Some things that I can not believe  
But once you've seen it  
The ghost of love will never leave

I'm haunted  
I'm haunted by you

You left me on my own when I lost it  
I lost it  
Couldn't give you everything  
That you wanted  
But lately I've been seeing things I can't believe  
Then again the ghost of love will never leave  
Never never never never never leave

I'm haunted  
I'm haunted by you  
I'm haunted I'm haunted by you
