

## Strangers

### The Limousines

Never get sick of falling in and out of love  
With a stranger on the other end of a string  
Smiling in a picture glowing on a screen  
She don't know I'm on the line and listening

Everywhere you go  
I'll follow you  
Everyone you know  
I know them too  
Everywhere you go  
I'll follow you, I'll follow you, I'll follow you  
I wanna love you in real life

Think I see you in the streetlight  
An empty lot you never walk by  
Kinda wonder what you feel like  
I'll be inside before you realize

I'm memorizing every pixel of your skin  
And every single one's another scene that begins  
With when I meet you on the other end of dream  
You don't know me but I know you'll let me in

Everywhere you go, I'll follow you  
Everyone you know, I know them too  
Everywhere you go, I'll follow you  
I gotta let you know, I gotta let you know  
I wanna love you in real life

Never get sick of falling in and out of love,  
In and out of love.
