

The Day Is Not Today

The Little Flames

For all that its worth
There's a smile on your face
Red as a blind with out dream, dream
One day you will see
All the world at your feet
One day the world will adore you

But the day is not today
No the day is not today
Oh no no no, no no no
No the day is not today
Your mind is a place
As you wait for the day
Illusions of grandeur
Fulfill you
Mountains will fall
At the sound of your voice
One day they will see
That they owe you

But the day is not today
No the day is not today
Oh no no no, no no no
No the day is not today

One day they will see
Who you think you should be
But the day is not today

One day they'll accept
They're all out of step
But the day is not today
