

Don't Turn Away

The Living End

Well I don't really know you but I know your name
I've got so many questions so many things to say
Well I believe that there must be some kind of evidence to make this case
To fill a hole to make it stick is there someway I can make my place
You're the one to blame now I'm taking aim I'm never gonna
Let you get away

Stop driving me away don't turn away
Now I've got you framed don't turn away
There's only one choice to make don't ever try and escape
I'm gonna make you love me
I'm gonna take you down where you'll never be found

Well I've got you in my sight in my line of fire
Don't bother putting up a fight don't even try it
You'll never get away I've got you right where I can see
(you can't turn away)
You'll never get away there's no escaping from me
You're the one to blame now I'm taking aim I'm never gonna
Let you get away

Stop driving me away don't turn away
Now I've got you framed don't turn away
There's only one choice to make don't ever try and escape
I'm gonna make you love me
I'm gonna take you down where you'll never be found

And you know it's not right but you turn a blind eye
And you won't even try well I can see right through your lies

I've got you in my sight my line of fire
Don't bother putting up a fight don't even try it

Stop driving me away don't turn away
Now I've got you framed don't turn away
There's only one choice to make don't ever try and escape
I'm gonna make you love me
I'm gonna take you down where you'll never
Stop driving me away don't turn away
Now I've got you framed don't turn away
There's only one choice to make don't ever try and escape
I'm gonna make you love me
I'm gonna take you down where you'll never be
I'm gonna take you down where you'll never be found

Don't really know you but I know your name
