

# Don't Turn Away

## The Living End

Well I don't really know you but I know your name  
Ive got so many questions so many things to say  
Well I believe that there must be some kind of evidence to make this case  
To fill a hole to make it stick is there someway I can make my place  
You're the one to blame now I'm taking aim I'm never gonna  
Let you get away

Stop driving me away don't turn away  
Now I've got you framed don't turn away  
Theres only one choice to make don't ever try and escape  
I'm gonna make you love me  
I'm gonna take you down where you'll never be found

Well I've got you in my sight in my line of fire  
Don't bother putting up a fight don't even try it  
You'll never get away I've got you right where I can see  
(you cant turn away)  
You'll never get away theres no escaping from me  
You're the one to blame now I'm taking aim I'm never gonna  
Let you get away

Stop driving me away don't turn away  
Now I've got you framed don't turn away  
Theres only one choice to make don't ever try and escape  
I'm gonna make you love me  
I'm gonna take you down where you'll never be found

And you know its not right but you turn a blind eye  
And you wont even try well I can see right through your lies

Ive got you in my sight my line of fire  
Don't bother putting up a fight don't even try it

Stop driving me away don't turn away  
Now I've got you framed don't turn away  
Theres only one choice to make don't ever try and escape  
I'm gonna make you love me  
I'm gonna take you down where you'll never  
Stop driving me away don't turn away  
Now I've got you framed don't turn away  
Theres only one choice to make don't ever try and escape  
I'm gonna make you love me  
I'm gonna take you down where you'll never be  
I'm gonna take you down where you'll never be found

Don't really know you but I know your name
