

# Don't Turn Away

The Living End

Well I don't really know you but I know your name  
I've got so many questions so many things to say  
Well I believe that there must be some kind of evidence to make this  
case  
To fill a hole to make it stick is there somehow I can make my place  
You're the one to blame now I'm taking aim I'm never gonna  
Let you get away

Stop driving me away don't turn away  
Now I've got you framed don't turn away  
There's only one choice to make don't ever try and escape  
I'm gonna make you love me  
I'm gonna take you down where you'll never be found

Well I've got you in my sight in my line of fire  
Don't bother putting up a fight don't even try it  
You'll never get away I've got you right where I can see  
(you can't turn away)  
You'll never get away there's no escaping from me  
You're the one to blame now I'm taking aim I'm never gonna  
Let you get away

Stop driving me away don't turn away  
Now I've got you framed don't turn away  
There's only one choice to make don't ever try and escape  
I'm gonna make you love me  
I'm gonna take you down where you'll never be found

And you know it's not right but you turn a blind eye  
And you won't even try well I can see right through your lies

I've got you in my sight in my line of fire  
Don't bother putting up a fight don't even try it

Stop driving me away don't turn away  
Now I've got you framed don't turn away  
There's only one choice to make don't ever try and escape  
I'm gonna make you love me  
I'm gonna take you down where you'll never  
Stop driving me away don't turn away  
Now I've got you framed don't turn away  
There's only one choice to make don't ever try and escape  
I'm gonna make you love me  
I'm gonna take you down where you'll never be  
I'm gonna take you down where you'll never be found

Don't really know you but I know your name
