

## Fond Farewell

### The Living End

Look at what you made me do  
You say I am angry  
All because of you  
Look at what you made me do  
Here's a little thing I  
Dedicate to you because

I bid you a fond farewell  
Hope the story's good to tell  
I bid you a fond farewell  
I'll be seeing you in hell

Look just what you've done to me  
Left me standing all alone  
Now how long is it gonna be  
Look just what you've done to me  
One more thing before I go  
A final message
