

Who's On Your Side (Demo)

The Living End

Your mind is breaking up
You think you've had enough
You're getting set to detonate
Don't let yourself decide the fate of you

Cos It will be ok
And It will be alright
And It will be ok

Who's on your side?
You're not gonna make it alone

Your mind is breaking up
You think you've had enough
You're getting set to detonate
Don't let yourself decide the fate of you

It will be ok
and it will be alright
and it will be ok

Who's on your side
You're not gonna make it alone

Your mind is breaking up
You think you've had enough
You think you've had enough
Your mind is breaking up
Your mind is breaking up
You think you've had enough
You think you've had enough

Cos it will be ok
Cos it will be alright
And it will be ok
And it will be alright
