

How To Build A Pessimistic Lie Detector

The Locust

cracking skulls, tearing flesh. have another heart attack. send 'em in, send 'em in, why don't you try pushing all the goddamn buttons. maybe just one of them will suffice. go back to the golf course. if the shoe fits, f**k it. confidence minimally confirmed, the more unsuspecting conclusions occur. self model shoe-switching correlation may be dyslexic. folded and removed, all signs of any research. $2 + 2$ not equal to 4, hours and hours of frequency tampering. not to mention variables, reconstructing codes of silence. when flies ate men, the procrastinating never started.
