

# Green Eyes And A Heart Of Gold

The Lone Bellow

Green eyes and a heart of gold  
All the money's gone and the house is cold  
And it's alright, it's alright, it's alright, it's  
alright

You wear your faded old dress  
The night of the 4th of July  
The darkness kept your silhouette  
When light flash crossed the sky  
One crash at a time  
One crash at a time

Green eyes and a heart of gold  
All the money's gone and the house is cold  
And it's alright, it's alright, it's alright, it's  
alright

We are broke in New York City  
The F-train takes us home  
Oh what our ways may look like  
Back where we're from  
It's harder than we thought it'd be  
We're losing blood with every beat  
Our song is not a dying dream  
You're not alone, you're not alone

Green eyes and a heart of gold  
All the money's gone and the house is cold  
And it's alright, it's alright, it's alright, it's  
alright

One crash at a time

You wear your faded old dress  
The night of the 4th of July  
Your face a lovely song where  
The fireworks crash  
We broke in New York City  
The F-train takes us home  
Oh what our ways may look like  
Back where we're from

Green eyes and a heart of gold  
All the money's gone and the house is cold  
And it's alright, it's alright, it's alright, it's  
alright
