

# Teach Me To Know

## The Lone Bellow

First born  
Carried promise of the old one  
You're the same but somehow different  
Bared the burdens of the line

It breaks in  
And you never see it coming  
Seems like every other morning  
Like a secret you can't tell

And you get carried away  
Carried away (carried away, carried away)  
Carried away (carried away, carried away)

Out there  
Thousand years into the future  
Almost nothing of it seems sure  
Things so rarely stay the same

Right here  
In these burning simple seconds  
Living out all your best guesses  
Someone's calling out your name

And you get carried away  
Carried away (carried away, carried away)  
Carried away (carried away, carried away)  
Carried away (carried away, carried away)  
Carried away (carried away, carried away)

Teach me to know my number of days  
Hold out my heart from getting carried

Carried away (carried away, carried away)  
Carried away (carried away, carried away)  
Carried away (carried away, carried away)  
Carried away (carried away, carried away)
