

# We Are a Crowd

The Lonely Island

One! two!  
One two, one, two, three

We are a crowd and we are loud  
We're cheering as a group  
At our favorite event  
We're gonna cheer cause we are here  
With all of us together  
There is nothing to fear

We are a crowd and we are loud  
We're cheering as a group  
At our favorite event  
We're gonna cheer cause we are here  
With all of us together  
There is nothing to fear

Now all of the ladies say woo (woo!)  
And all of the fellas say crowd (yeah!)  
We're drinking beer and doing cheers  
Because crowds like us for millions of years

We are all here, we're not at home  
As long as we're together, we can't be alone

We are a crowd and we are loud  
We're cheering as a group at our favorite event  
We are not one, we are a ton  
There's safety in numbers, so now it is fun

We are a crowd crowd crowd  
Yes we are a crowd  
And so we shout shout shout  
Because beer is allowed  
And there's no doubt doubt doubt  
That we're helping out  
Because without-out us there would be no crowd  
We are a crowd!
