

## Weekend Without Makeup

The Long Blondes

Another weekend without makeup  
another evening to myself  
well, i guess that i won't be having the time of my life tonight

where do you go when you've finished work?  
you should have been home an hour ago  
i've got your tea laid out like some kind of fifties housewife

well i'll feed you, but i need you to make a little more effort  
i don't like giving you the third degree  
i just want what's due to me...

there are wants and there are needs  
and they're two very different things  
you can love or be in love, again,  
they're two very different things,  
yes they're two very different things

i want to talk but you're much too tired  
you've got a job but if you don't get fired soon  
i'll be extremely surprised  
where do you go when you've finished work  
you should have been back about an hour ago  
you've left me fashioning a double bed and acting  
like some kind of fifties housewife

you and i, we're different  
you and i, we're two very different things  
but still i've got you, i've got you under my skin...
