

## Livin' On Livin'

### The Lords Of The New Church

Well come on. Now we were stranded in the jungle looking for some

Rock And Roll. Like Vietnamise babies on a food patrol. Well Babylon's kids were just out lookin' for a kiss. When mystery girls

took the stage give 'em a great big kiss. Well hey jet boys where ya goin'? Wat'cha doin'? What is da mattah wit 'cho? Well a lonely planet boy shared a dream with Frankenstein. With Ricky corvette and a puss-in-boots to keep the time. Then come London pills, Billy splits the scene. And a bad detective got niggged right from the queen. Well hey trash boys wat'cha wearin'?

Wit people starin'? What is da mattah wit'cho? Well they 'smacked' the world like a human being subway train. Personal ity

crisis brought a whole down again. Chatterbox don't you start me talking 'bout no dirty arm. Hey bad girls it's too late to repair the harm. Well hey boys where ya goin'? Wat'cha doin'? What is da mattah wit'cho?

Well when Li'l Boys Play With Dolls they gonna show them all. But when li'l boys played with dolls they really showed them all.

L'il boys playin', Li'l Boys Play With Dolls. Don't mess with cupid.

Shatter the dreams of all. Why do li'l boys stop being li'l boys

who play with dolls? Hey wat'sa mattah wit'cho? Private world.. Wat'cha gonna do? You best believe I'm in love too, L-U-V LUV....too much. Too soon.
