

## Summer Of Love

### The Lost Trailers

She was standin there with her big, blue, question-mark eyes  
Sayin, Would you stay the night and me, I was just seventeen, m  
y very first time  
But I knew it was right, she pulled off my baseball hat  
We kissed and I knew there was no lookin back

By the end of May, I could feel the change  
She pulled me close to say

I want a summer of misbehavin, out all night, no reservations  
Hittin that river, strippin down till the sun comes up  
Oh, I want a summer of love

June flew by, before we knew it, it was the 4th of July  
So we headed to the Tennessee line  
Bought a hundred bottle rockets, shot em up in the sky  
And they lit up the night like risin stars that burn to dust  
And I said, baby, thats just like us

Someone set us up, lit the fuse  
Two young lovers with nothing to lose

But a summer of misbehavin, out all night, no reservations  
Hittin that river, strippin down till the sun comes up  
Oh, I want a summer of love

No matter what happens, well have today  
And Ill always, pretty baby, wanna feel this way

I want a summer of misbehavin, out all night, no reservations  
Hittin that river, strippin down till the sun comes up  
Oh, I want a summer of love

Na, na, na, out all night, hittin that river, strippin down til  
l the sun comes up  
Like risin stars, poppin and burnin to dust, yeah, that was us
